

## SINGLE VINEYARD SERIES

### 2017 MILL CREEK UPLAND WALLA WALLA VALLEY

This is our highest elevation vineyard. The wine has an amazing nose of fresh crushed blueberries with subtle notes of tobacco and tar. On the palate the wine has an incredible density of fruit with a terrifically long finish.

#### BLENDING DETAIL

67% Cabernet Sauvignon  
33% Petit Verdot

### 2017 L O E S S WALLA WALLA VALLEY

The most brooding, complete, and balanced of the Single Vineyard Series, this has a gorgeous nose of mixed ripe red fruits and a hint of rare New York strip steak. The Malbec brings intensity, raciness, and focus to the palate. Lively is perhaps the best way to describe the wine overall.

#### BLENDING DETAIL

67% Cabernet Sauvignon  
25% Malbec  
8% Petit Verdot

## SINGLE VINEYARD SERIES

### 2017 HOLY ROLLER WALLA WALLA VALLEY

The nose on Holy Roller is mesmerizing – smelling of red and black fruit compote, saline, and subtle hints of petrol. The palate reveals classic styling that is very soft and approachable, full of glycerin, with a pleasingly long finish. Planted in the Rocks District of Milton-Freewater, this is the most approachable in its youth of the Single Vineyard Series, and typical of the wines from this terroir.

#### BLENDING DETAIL

83% Cabernet Sauvignon  
17% Sangiovese

### 2017 SERRA PEDACE WALLA WALLA VALLEY

The most massive of the Single Vineyard Series and possessing the longest aging potential, this 100% Cabernet Sauvignon is loaded with an intoxicating nose of brambles and ripe stone fruit. The tannins have a moderate amount of chalky character, reflecting the calcium carbonate that clings to the basalt stones found in the shallow, wind exposed soils of this extraordinary site.

#### BLENDING DETAIL

100% Cabernet Sauvignon
