

## SINGLE VINEYARD SERIES

### 2018 MILL CREEK UPLAND WALLA WALLA VALLEY

From our northern-most and highest elevation vineyard at the base of the Blue Mountain foothills, this brooding wine rewards decanting and then slowly reveals very dark blue and black fruits, rosemary blossoms, high-toned florals, foraged mushrooms, and tanned leather. Substantial mouthfeel initially with notes of herbs, wood, beautiful fruit, and a bracing finish. This balanced wine will develop exquisitely with extended aging.

*100% Cabernet Sauvignon*

### 2018 LOESS WALLA WALLA VALLEY

In the heart of the Walla Walla Valley, this wine hails from the beautiful hillside to the east of the Leonetti estate. This classic beauty is dark to the rim, and has an explosive nose of black currant, cassis, gardenia, and vanilla with hints of lavender, lilac, and cedar. The balance on the palate is extensive and impeccable with very polished tannin and a lovely string of acidity.

## SINGLE VINEYARD SERIES

2018

### HOLY ROLLER WALLA WALLA VALLEY

This polished beauty originates from our vineyard in the Rocks District of Milton-Freewater. Deeply saturated color to the rim, the nose is clean and fragrant with notes of lavender, dried rose petals, plum, and charcuterie. Typical of The Rocks District, the mouthfeel is rich and plush on the palate with deep fruit character, herbs, wood spices, and a lingering, delicious finish.

83% Cabernet Sauvignon  
17% Sangiovese

2018

### SERRA PEDACE WALLA WALLA VALLEY

Emanating from our southern-most vineyard, perched atop the wind-swept rocky soils and terraces in the SeVein Vineyards of Distinction, this quintessential Walla Walla Cabernet has an amazing nose of freshly crushed raspberries, coffee, and chalk. The berry size at this vineyard is always our smallest—meaning higher surface area of skin to juice ratio—and it shows in the deep color saturation of this wine. Emblematic of the 2018 vintage, the finish is polished and smooth. Of all our estate vineyards, the fruit from Serra Pedace is generally the most masculine in character.
